## Confirmation of your Copyright Transfer

---

Dear Author,

Please note: This e-mail is a confirmation of your copyright transfer and was sent to you only for your own records.

The copyright to this article, including any graphic elements therein (e.g. illustrations, charts, moving images), is hereby assigned for good and valuable consideration to Springer Science+Business Media Dordrecht effective if and when the article is accepted for publication and to the extent assignable if assignability is restricted for by applicable law or regulations (e.g. for U.S. government or crown employees). Author warrants (i) that he/she is the sole owner or has been authorized by any additional copyright owner to assign the right, (ii) that the article does not infringe any third party rights and no license from or payments to a third party is required to publish the article and (iii) that the article has not been previously published or licensed.

The copyright assignment includes without limitation the exclusive, assignable and sublicensable right, unlimited in time and territory, to reproduce, publish, distribute, transmit, make available and store the article, including abstracts thereof, in all forms of media of expression now known or developed in the future, including pre- and reprints, translations, photographic reproductions and microform. Springer may use the article in whole or in part in electronic form, such as use in databases or data networks for display, print or download to stationary or portable devices. This includes interactive and multimedia use and the right to alter the article to the extent necessary for such use.

An author may self-archive an author-created version of his/her article on his/her own website and/or the repository of Author's department or faculty. Author may also deposit this version on his/her funder's or funder's designated repository at the funder's request or as a result of a legal obligation, provided it is not made publicly available until 12 months after official publication by Springer. He/she may not use the publisher's PDF version, which is posted on <http://link.springer.com>, for the purpose of self-archiving or deposit. Furthermore, Author may only post his/her own version, provided acknowledgement is given to the original source of publication and a link is inserted to the published article on Springer's website. The link must be accompanied
