Born 25.8.1988

Current positions

2024–present Associate professor, Department of Philosophy of the University of Barcelona.
Member of the Institute of Mathematics (IMUB) of the University of Barcelona.
Coordinator for the University of Barcelona of the Master in Pure and Applied Logic.

Habilitations

- *Habilitation for full professors in logic* (mathematics) in the Italian university system, 2024.
- *Habilitation for full professors in logic* (philosophy) in the Italian university system, 2024.
- *Habilitation for full professors* in the Catalan university system, 2023.
- *Certificado R3* of scientific excellence by the Ministry of Science and Innovation of Spain, 2023.

Academic degrees

- *PhD in Pure and Applied Logic*, University of Barcelona, 2016.
- *Master in Philosophical Sciences*, University of the Studies of Milan, 2013.
- *Master in Pure and Applied Logic*, University of Barcelona, 2012.

Past employment

2020–2023 Investigador Beatriz Galindo, Department of Philosophy of the University of Barcelona.
2016–2019 Research Assistant, Institute of Computer Sciences of the Czech Academy of Science.
2013–2016 PhD student, University of Barcelona.

Prizes and awards

- *Ada Lettieri award* for best research paper or monograph in logic by the Italian Logic Association, 2021.
- *Josef Hlávka award* for scientific literature, 2019.
- *Award for best young researchers of Czech Academy of Sciences*, 2018.
- *Extraordinary prize for PhD theses* from the University of Barcelona, 2017.

Research interests

- Mathematical Logic
- Algebraic Logic
- Intuitionistic and Modal Logic
- Universal Algebra
- Duality Theory

Basic scientometric data

- 38 journal papers + 2 conference papers + 2 book chapter.

Grants (principal investigator)

4. PI of the i+D+I research project *La forma del razonamiento: desde el clasico al nonclasico y al revés* PID2022-141529NB-C21, funded by the Spanish Ministry of Science, Innovation and Universities, 2023–2027.
3. Local PI of the Horizon 2020 Marie Skłodowska-Curie RISE project MOSAIC 101007627, funded by the European Union, 2021–2026.
2. PI of the i+D+I research project *The geometry of non-classical logics* PID2019-110843GA-I00, funded by the Spanish Ministry of Science, Innovation and Universities, 2020–2023.
1. co-PI of the research project *Enhancing human resources in theoretical computer science* PPLZ 100301751, co-funded by the European Union and the Czech Operational Programme Research, Development and Education, 2018–2020.

Grants (team member)

10. *Research group in mathematical logic*, 2021SGR00348 funded by the Agency for Management of University and Research Grants of the Government of Catalonia, 2021–2025.
9. *Research group in non-classical logics* 2017SGR0095, funded by the Agency for Management of University and Research Grants of the Government of Catalonia, 2017–2021.
8. *Predicate graded logics and their applications in computer science* GA17-04630S, funded by the Czech Science Foundation, 2017–2019.
7. *Totally ordered monoids* 15-07724Y, funded by the Czech Science Foundation, 2015–2017.
6. Horizon 2020 Marie Skłodowska-Curie RISE project SYSMICS 689176, funded by the European Union, 2016–2018.
5. *Modelling vague quantifiers in mathematical fuzzy logic* I1897-N25 and GF15-34650L, co-funded by the Austrian Science Foundation and Czech Science Foundation, 2015–2018.
4. *Center of Excellence-Institute for Theoretical Computer Science (CE-ITI)* GBP202/12/G061, funded by the Czech Science Foundation, 2012–2018.
3. *An Order-Based Approach to Non-Classical Propositional and Predicate Logics* GA13-14654S, funded by the Czech Science Foundation, 2013–2016.
2. *Algebraic Logic and Non-Classical Logics* MTM2011-25747, funded by the Ministry of Science and Innovation of Spain, 2012–2015.
1. *Research group in non-classical logics* 2009SGR-1433, funded by the Agency for Management of University and Research Grants of the Government of Catalonia, 2014–2016.

Committee membership

- Chair of the program committee *TACL*, 2024.
- Member of the program committee of *AiML* (Advances in Modal Logic), 2022 and 2024.
- Member of the program committee of *LATD* (Logic, Algebra and Truth Degrees), 2022 and 2023.
- Member of the program committee of *Modal logics: proof theory and applications*, 2023.
- Member of the program committee of *PhDs in Logic*, 2022.
- Chair of program committee of the *Workshop on Admissible Rules and Unification*, 2019.
- Member of the organizing committee of the *Proof Society* meeting, 2023.
- Member of the organizing committee of *TACL* (Topology, Algebra and Categories in Logic), 2017 and 2024.

Postdoc supervision

2. A. Přenosil. Beatriu de Pinos fellow, 2023–2026.
1. L. Carai. Juan de la Cierva fellow, 2022–2023.

Current PhD students

4. F. Manfucci (co-supervised with T. Flaminio). Investigations in substructural logic.
3. M. Kurtzhals (co-supervised with L. Carai). Definability in logic and algebra.
2. V. Giustarini (co-supervised with S. Ugolini). Substructural logics and residuated structures.
1. M. Martins (co-supervised with J. Gispert). Bi-intuitionistic logics of trees.
